TIGER LEGACY FOUNDATION

Our Mission: To enhance and expand educational opportunities for Lewis & Clark High School students, now and into the future.

A Soggy Success!

Even though the day started out a bit on the wet side, our 2nd annual golf tournament participants had a great day of golfing along with raising funds for the Tiger Legacy Foundation. Many thanks to our sponsors, volunteers and donors who helped make this event a success. Their support helped us to raise just over $23,000.

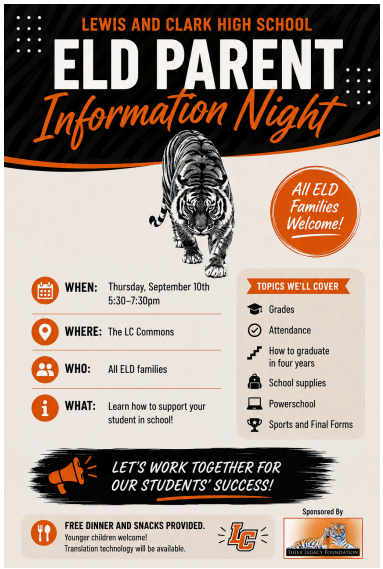

Thank you to our tournament sponsors!

Our Tiger Legacy Foundation golf tournament would not have been a financial success without the support of a number of businesses and individuals.

In total, we received $22,000 in corporate, family and tee-hole sponsorships.

If you have the opportunity, we highly encourage people to patronize the businesses that have helped support our work. They include:

Wide World of Golf
Kop Construction
Instant Sign Factory
George Gee Motors
Magnolia Wealth
Kellen Cares Foundation
Koru & Sixth Avenue Pharmacies
Perfection Tire
Washington Trust Bank
RiverBank
Dermatology Specialists of Spokane.

Multilingual Family Night

One of our major grants to begin the 2026-2027 school year was sponsoring an information night for students and their families where English is the second language in their homes.

As part of our focus on "Building Community," this event provided translated information for non-English speaking parents on how to help their student achieve greater success at school.

Dinner was catered by Feast World Kitchen and the offerings included a number of foods from around the world.

Summer Nutrition Program

While school was out for summer vacation, volunteers from the Foundation delivered 1,449 meals to special education students whose families were experiencing food insecurity. In collaboration with with Meals on Wheels, and with funding from our "Stone Soup" Restricted Fund, a week's worth of meals were delivered every Monday morning throughout the summer. Pictured here are the meals being wheeled out for distribution to the drivers who made the deliveries. Many families expressed their appreciation. One example: *"Thank you so much 🙏 we appreciate you delivering the food every week. It's been a blessing."*
